Everywhere.ELECTION REPORTS FROM
VARIOUS STATES.

Tammany Carries New York City, the Republicans the State, Gen. Bushnell Wins in Ohio—Both Sides Claim Kentucky's Governor—Gorman Goes Down in Maryland—Results of the Battle of Ballots in Many Places.

New York, Nov. 6.—With perfect weather, a thoroughly nonpartisan police force, an Australian ballot, and nearly a dozen tickets in the field, the voters of New York turned out early and voted rapidly, but they did not defeat Tammany. After hearing from 800 precincts, John C. Sheehan, the Tammany leader, claimed they had carried the city by 45,000 plurality. Chairman Lauterbach conceded the defeat of the fusion ticket. There was a big vote for the registration, and a quiet election. There were few attempts at repeating or colonization, and it was the most orderly election day ever known in New York city.

The latest returns from the state indicate that the republican majority will be fully 80,000 and that the legislature will have 39 republicans and 11 democrats in the senate, and the assembly 109 republicans and 41 democrats. The state senate is elected for three years and will vote for a United States senator to succeed David B. Hill.

Albany, N. Y., Nov. 6.—In the municipalities the democracy won. Tammany is in control of New York city, the Cleveland element in control of Albany, and republicans dominant in all other parts of the state. This gives a result that is not satisfactory to either party. David B. Hill will not go back to the United States senate unless the democrats should elect a big enough majority in the assembly next year to overcome the republican majority in the state senate on joint ballot. In New York city the "good government" organization will not be entitled to print its candidates on the regular ballots next year, if it has a ticket in the field, as it did not poll the per cent of all votes necessary under the law for a place.

On the local ticket it is estimated that Tammany had 113,000 votes, and the fusionists 95,000. The Steckler vote was put down at 6,000, and "good government" clubs, 1,500. Amos Cummings is elected in the tenth congressional district, and Tammany has eleven of the twelve state senators.

DOUBTFUL IN KENTUCKY.

Both Sides Claims to Have Elected the Governor.

Louisville, Ky., Nov. 6.—The election throughout the state yesterday was an unusually quiet one. As was anticipated, the vote cast shows a heavy increase by both parties over any previous year. At the republican headquarters many private telegrams had been received from the chairmen of the county committees. Congressmen Hunter, chairman of the state committee, said that a continuation of these reports would indicate the election of Hardin by a small majority.

Lexington, Ky., Nov. 6.—Owing to the unusual heavy vote and the large number of candidates returns from the election are slower than usual coming in. Only seventy-five counties had been heard from at 11 o'clock. These gave Bradley a majority of twenty-five. There are yet forty-four counties to hear from, many of them the largest in the state. Among these is Jefferson, of which Louisville is the county seat. Bradley's gains have been made in eastern Kentucky, but as many of the counties in that section are so remote from telegraph stations the official count will have to be obtained before the actual result is known. The democratic headquarters are still open and they are claiming that Hardin is elected by 2,000 majority. The republicans claim Bradley's election by 3,000.

DEFEAT FEMALE SUFFRAGE.

Voters of Massachusetts Are Solidly Against It.

Boston, Mass., Nov. 6.—The election in Massachusetts was one of the most quiet in the history of the state. The republicans re-elected Greenhalge as governor by over 70,000 majority, against 65,000 last year. The total vote of the state is something over 310,000. In total of 61,000 in city of Boston on the suffrage issue 41,000 votes were polled against it, and this percentage held good throughout the entire state. The legislative department of the government is also Republican, thirty-three of the forty senators elected being of that political bias. There is a slight gain for the Democratic party, the senate last year having stood thirty-six Republicans and four Democrats. In the house of representatives the republicans have practically the same majority as last year. The hopes of the friends of female suffrage have

been buried beneath an avalanche of ballots. Hardly a town that voted shows a majority in favor of a proposition to grant suffrage to women.

BUSHNELL WINS IN OHIO.

Governor and Legislature Elected by the Republicans.

Columbus, Ohio, Nov. 6.—Ohio has gone Republican by possibly 100,000 and the legislature will be largely republican in both branches. Calvin S. Brice will be retired and Joseph Benson Foraker will be his successor by unanimous vote of the republican members of the assembly. At 10 o'clock last night 217 precincts out of 2,952 in the state gave Bushnell (Rep.) for governor or 32,085, and Campbell (Dem.) 24,562, a gain of seven to a precinct over the vote of 1893, when Governor McKinley was elected by 80,995. This ratio of gain would elect General Bushnell by 101,621.

Chairman Anderson, of the Democratic committee, had no figures to give out on the legislature. Chairman Kurtz, of the Republican state committee, stated that the Republicans have surely elected 77 out of 112 members of the house of representatives, and 27 out of 37 members of the senate, a majority of 47 on joint ballot for senator. Coxey, Populist candidate for governor, polled over 60,000 votes.

Hamilton, Ohio, Nov. 6.—Campbell concedes the state by about 80,000 Republican majority.

The Vote in Nebraska.

Omaha, Neb., Nov. 6.—Returns from various portions show that Norval (Rep.), the candidate for supreme court, is elected by a large majority. One of the surprises developed by late returns is the great strength of Maxwell, the Populist candidate for supreme judge. His vote is next to Norval's, and is almost double that of both of the Democratic candidates for the same position. The leading feature of the returns is the difference between the vote for Mahoney, administration Democrat candidate for supreme court, and Phelps, silver Democrat, showing enormous gains for the administration man. Most of the returns give Mahoney double that of his opponent. This is of great interest, as showing how Nebraska Democrats stand on the financial issue. Two years ago the relative strength of the silver and gold Democrats was in the ratio of 25 to 1.

Cleveland Remains at Woodley.

Washington, Nov. 6.—Owing to the unusual conditions prevailing in a number of the states, and the uncertainty regarding the outcome, intense interest was felt at the capital in the results of the elections. Particularly was this the case with respect to New York, Kentucky, Maryland, New Jersey and Ohio. Returns from those states were awaited with the greatest interest. Large crowds gathered in front of the newspaper offices and remained until the returns showed definite results at the storm centers. President Cleveland did not make his appearance at the White House all day, but remained at his country home at Woodley.

Silverites Carry Mississippi.

Jackson, Miss., Nov. 6.—The weather yesterday throughout the state was clear and warm, but the indications are that not more than half the registered vote was polled. From reports received up to a late hour, it is estimated the democratic majority will be from 30,000 to 50,000. The populists did not receive more than 15 per cent of the total vote cast. In this city 349 votes were polled, being less than half the registered vote. Burkett, populist candidate for governor, got fourteen of this number, and the remainder went to McLaurin, the democratic candidate. The campaign just closed was on the issue of free silver as against the gold standard, and the result is a complete victory for the silverites.

Virginia Lacks Enthusiasm.

Richmond, Va., Nov. 6.—The election yesterday closed one of the most apathetic campaigns known in Virginia for many years. The election was for half of the senate (twenty) and the whole membership of the house of delegates (100). The indications are that in most sections of the state a small vote was polled. The detailed returns, so far as received, show that the new senate will contain thirty-four democrats and six anti-democrats and the house about eighty democrats and twenty anti-democrats. Reports from Woodstock indicate the defeat of Walton (dem.) for the state senate. He was the author of the new election measure.

Statehood Wins in Utah.

Ogden, Utah, Nov. 6.—Twenty-four precincts gave Caine (dem.) for governor, 747; Wells (rep.), 869. Roberts (dem.), for congress, 772; Allen (rep.), 853. For statehood, 535, against 71. It is predicted that statehood will be carried by from 10,000 to 13,000. No returns are coming in on which to base estimate on the state legislature. From the returns on governor and congressmen there is little indication of scratching. In the returns given, Salt Lake and Ogden are not included.

Maryland Returns Not All In.

Baltimore, Md., Nov. 6.—The Herald (Ind.) concedes Lowndes' election and says his majority in the state may reach 20,000. It also concedes the election of a Republican legislature, which insures a Republican successor to United States Senator Gibson, and says that the entire Republican ticket is

elected by good majorities. The returns from both city and state are still far from complete. The Sun estimates that Lowndes has carried the city by 10,000 and the state by 20,000.

Republicans Win in Iowa.

Des Moines, Iowa, Nov. 6.—Late returns give Drake, Republican, for governor, a plurality of over 60,000, if the present rate of gain be continued. The Republican state central committee claims the state by 80,000 or over. The committee also claims the legislature by two-thirds majority. The present indications are that the Populists will make large gains all over the state, making their total vote, maybe, 80,000, the largest ever polled in the state.

Returns from Pennsylvania.

Pittsburg, Pa., Nov. 6.—The election in Pennsylvania was for a state treasurer, superior court justices, coroner, and director of the poor. The voting was light and from returns now in the Republican majority will be over 85,000. Careful estimates of the vote in the sixty-seven counties of Pennsylvania show a plurality for Benjamin J. Haywood (Rep.), for state treasurer, over Benjamin K. Meyers (Dem.) of 157,919, a gain as compared with the vote of 1893 for the same office of 22,273. It will probably require the official count to determine who is the Democratic member of the superior court.

Kansas Reports Incomplete.

Kansas City, Mo., Nov. 6.—Reports from Kansas are very meager, but republicans claim that Chief Justice Martin has been re-elected and that the republicans have gained many county offices. In Shawnee county Sheriff Burdge (rep.) was defeated after one of the hottest fights ever waged in Kansas, the resubmission element throwing its support to Kopley, the fusion candidate.

Silver Defeated in Illinois.

Litchfield, Ill., Nov. 6.—The elections yesterday passed off quietly. Hadley, Republican and anti-silver candidate, carried every county in the district. It is thought by many that free silver is buried beneath an avalanche of votes, and the issue will never live to reach the national Democratic convention. Returns in detail are not yet obtainable, but enough is known to show a majority for Hadley of at least 2,600.

In New Jersey.

Newark, N. J., Nov. 6.—The official vote for governor in New Jersey is: Griggs, 28,422; McGill, 7,600. Griggs' plurality is 20,822. Of the seven senators voted for free republicans and one democrat were elected, one being still in doubt. Of the sixty assemblymen elected forty are surely republican, thirteen as surely democratic, and seven are still in doubt.

Cook County, Ill., Goes Republican.

Chicago, Nov. 6.—Cook county went Republican yesterday by 25,000 majority. The republicans elect Farlin Q. Ball to the bench by close to 30,000 and they chose the five members of the drainage board, who constitute a majority, by a vote proportionally the same. The Torrens system of land transfers was adopted by a practically unanimous ballot.

CONTROL OF THE SENATE.

Great Interest Manifested at Washington on the Subject.

Washington, Nov. 6.—Great interest was manifested here in the legislative elections throughout the country, as they will materially affect the control of the United States senate. Up to yesterday the standing in the senate was as follows: Republicans, 42; democrats, 39; populists, 6; vacant, (Del.) 1. Total, 88. As the result of the elections the democrats will lose and the republicans will gain a senator from Maryland and from Ohio respectively. The other legislative elections do not appear to affect the standing in the senate. Utah chooses the United Senators for the first time, but the complexion of the legislature is not yet certain. The Utah senators take their seat in the senate shortly after congress assemblies. The changes in Ohio and Maryland will not affect the senate until March 4, 1897.

The republican majority in the next Ohio legislature as shown by the returns insures the retirement of Senator Brice (dem.) and the succession of a republican. In Maryland the election of a republican legislature, the first in many years, will bring about the retirement of Senator Gibson, and the election of a republican in his place. The election of a republican legislature in Iowa is not unexpected, and it is considered settled that Senator Allison will be elected to succeed himself, his present term expiring March 4, 1897. The return of a democratic legislature in Mississippi has been a foregone conclusion. It will elect a successor to Senator George.

Returns from New York and New Jersey indicate republican gains. These legislatures do not elect United States senators this year, but, as part of the legislators hold over, the present election is important in its influencing those bodies, which will elect successors to Senator Hill of New York and Senator Smith of New Jersey, whose terms expire March 4, 1897.

Fire in the Down Town District Destroys the Manhattan Savings Institution and the Bank Building—Other Structures Burned—Record of the Red Destroyer.

New York, Nov. 6.—At an early hour last evening fire broke out in the building at the corner of Crosby and Bleeker streets, and running through to Broadway. On the south stands the enormous Manhattan Savings institution, the upper stories of which soon fell with a great crash. The Manhattan bank building was across the street, and every effort was made to save it, but in vain.

Within three hours the fire had done a damage of nearly \$2,000,000, the insurance men estimate, and the heart of the retail business on Broadway was in ruins. The buildings destroyed were occupied as follows: No. 634 Broadway, Hufheimer & Co., E. B. Goodman, New York Feather company; Nos. 636 and 638 Broadway, Adler's glove factory, J. E. Goodrich & Co.; No. 640 Broadway, Empire State bank, Hecht & Co., Keep's shirt factory, Manhattan bank building; Nos. 642 and 644 Broadway, Manhattan Savings institution and business offices. The Manhattan bank building was valued at about \$1,000,000. The stock, office fixtures, etc., within the building, are estimated to have been worth \$500,000.

TO PRISON FOR LIFE.

Affecting Scene When Judge Hadley Sentences Hinshaw.

Danville, Ind., Nov. 6.—Judge Hadley called Rev. William E. Hinshaw, the convicted wife murderer, into court yesterday, and asked if he had anything to say before sentence was passed upon him. Hinshaw declared he was innocent. Then Judge Hadley pronounced the sentence of the court. He wept bitterly, and in passing sentence could not be heard outside the bar. Hinshaw published a letter, in which he complained of the actions of a certain trance medium at Greencastle, who claimed to have had an interview with the spirit of Thursa Hinshaw; that she said her husband was the guilty man. Yesterday the jail yard was crowded with his friends, who had come to bid him a last farewell. He will be taken to the Prison South at 3 o'clock today, where the position of prison librarian has been secured for him. The belief in his innocence is gaining ground, and many of his strongest enemies say they will sign a petition for his pardon. The case will come up in the supreme court in January.

AMERICANS IN FAVOR.

Yankee Team Picked as the Winners of the Austin Regatta.

Austin, Tex., Nov. 6.—There was an immense crowd in attendance upon yesterday's races, and they saw fine sport. The first race was a half-mile dash for a purse of \$100, which was beautifully raced, and finally finished with Teemer, Jake Gaudaur and Rogers coming in in the order named. The other starters were Barry, Haines, Wingate, Peterson, Hanlon and Bubeur. There was very little daylight between any of the boats, and Teemer won by half a length. Time, 3:02½. The third race, trial heat between English doubles for final position in the final against Teemer and Rogers, the American crew, was won by Bubeur and Barry by half a length. Time, 19:34½. Bubeur and Barry will now have to row Teemer and Rogers today for a purse and the championship, and, as their time yesterday was 19:34½, against Teemer and Rogers' corrected time Monday of 18:02½, the sports are choosing the Americans as winners and giving odds.

Agriculturists Make Demands.

London, Nov. 6.—At a meeting of the chamber of agriculture J. J. Lowther, conservative member of parliament for the Isle of Thanet, division of Kent, said that the great bulk of the agriculturists regarded protection as being the only means of restoring agricultural prosperity, but, he added, every one of that opinion had been vigorously excluded from the commission of agriculture. A resolution was adopted calling upon the government to entirely prohibit the importation of foreign live cattle.

Religious Riot at Louisville, Ky.

Louisville, Ky., Nov. 6.—There was an ugly feeling all day yesterday between the A. P. A.'s and Catholics at the First precinct of the Fourth ward. Late this evening Joseph Dieffenbach, one of the former, and William Brown, a Catholic, had a quarrel, which resulted in a battle between the elements. Twenty shots were exchanged before the police succeeded in stopping the riot. Only one man, Jacob Enright, an A. P. A., was seriously wounded. The rioters scattered.

Bondsmen Will Have to Pay.

Duluth, Minn., Nov. 6.—The county commissioners at a meeting yesterday decided to institute legal proceedings against all the bondsmen of the financial institutions which failed with county money in their possession. Dozens of business men will be affected,

TWO BANKS GO UNDER.

Failure of One Institution Starts a Run on the Other.

New Whatcom, Wash., Nov. 6.—The Bellingham Bay National Bank has closed its doors by order of the directors, being unable to meet the county treasurer's demand for the county's deposit. The cashier reports the liabilities approximately at \$105,000, of which \$77,000 is due depositors.

The suspension of the Bellingham Bay National Bank precipitated a run on the Bennett National Bank, which continued until the close of banking hours. The directors held a meeting and adopted a resolution not to open yesterday and directing the president to place the bank in the hands of the examiner. The directors say that within thirty days sufficient assets can be realized on to settle with all creditors.

Corbett Leaves the Prize Ring.

Memphis, Tenn., Nov. 6.—In an interview with a representative of the Associated Press the champion said: "I do not believe that there will ever be another finish prize fight in public in the United States. Public sentiment is too strong to be overcome and the days of great fist carnivals are past, to come no more. There may be sparring exhibitions and a few finish fights in private but there will be no championship battles in public. I have fought my last ring battle and in future will devote my time and talents to the theatrical profession."

An Immense Seam of Coal.

St. John's, N. F., Nov. 6.—The prospective advantages to Newfoundland involved in the recent coal discoveries fill the whole public mind. The one seam traced out and from which the specimens were taken extends twelve miles long, half a mile wide and five feet thick. Geological Surveyor Howley estimates that it contains over 11,000,000 tons and if the mines are devoted to supplying the coal needed in the colony alone, which would be 200,000 tons, it would retain within the colony \$800,000 annually sent abroad to purchase coal.

Flood of Grain at Buffalo.

Buffalo, Nov. 6.—The elevators are becoming blocked with the great flood of grain now being shipped from Lake Superior. Close to 2,000,000 bushels of grain is here, and a large fleet is due. The Erie elevator has five boats waiting to unload, and has not had a car ready for shipment. Many of the elevators are full, and vessels are experiencing serious delays.

Cuban Insurgents Active.

Havana, Nov. 6.—It is announced that the insurgents have hanged six negroes to trees in Plateabos, district of Cabarian, province of Santa Clara. Near Guasimal, not far from Santa Spiritus, also in the province of Santa Clara, the insurgents have derailed a train by the use of a dynamite bomb. Three hundred head of cattle, which with others were loaded on the cars, were killed.

Rioters Prove an Alibi.

Princeton, Ill., Nov. 6.—Yesterday the trial of the thirteen Spring Valley men for riot was given up to witnesses for the defense, and the evidence was all in the nature of an alibi, for the various defendants. From three to six witnesses testify that each of the defendants was either at home during the rioting or had nothing to do with the affair.

Engineer Killed and Passengers Injured.

Dallas, Texas, Nov. 6.—The regular north bound passenger train on the Missouri, Kansas & Texas was wrecked Monday about four miles from Waxahachie, between that place and Sterret, which resulted in the engineer being instantly killed, the fireman scalded and a number of passengers more or less injured, none seriously.

Alaska's First Railroad.

Tacoma, Wash., Nov. 6.—The steamer City of Topeka, which sailed to-day for Alaska, carried a shipment of "T" rails and fishplates to be used in constructing a railroad in the famous Treadwell mine on Douglas Island. The railroad iron came through from Chicago. It is said this will be Alaska's first railroad.

Battleship Texas in Dry Dock.

Bandits Hold Up a Stage.

DR. JUDD'S DEMISE WAS A GREAT SHOCK

**SUDDEN DEATH CAUSES WIDE-
SPREAD SORROW.**

Mrs. Judd Is In Brooklyn, But Has Been Notified and Will Be Here Tonight—Little Son's Grief Was Pitiful—Sketch of His Life and How He Died.

Death: that despoiler of happy homes and human anticipations, laid his gaunt hand on the shoulder of one of Janesville's best citizens and most manly men yesterday afternoon.

When, with the pains of suffocation gripping at him Dr. Thorwaldsen Judd staggered and fell, a work had been accomplished by the angel in black, that sent a pang into many hearts; that caused a tears to well up in many eyes.

No man stood higher in the estimation of the people; no kindlier heart ever pulsated; no happier disposition ever carried light into the circle of sorrow, and no impulses more noble inspired a truer character.

All mankind were his friends. Against none did he speak a bitter word, and for those at whom the finger of scorn or popular condemnation was pointed, he always had a forgiving suggestion or a comforting sentence.

His kindly smiling face was the index of his character. No man could look at him and say that he was other than a good citizen should be. His conscience was his ruler and he was a man among manly men.

What higher compliment could be paid?

FELL AND DIED, ON THE STREET
Heart Failure Cut Him Down Without Warning

As was stated in the extra edition of The Gazette which was gotten out at 6:30 last night, Dr. Judd's demise was very sudden. He left Stearns & Baker's drug store to go home a few minutes after 5 o'clock. When he came to the store Mr. Baker noticed that he was not well and asked him what the matter was. The doctor replied that he was sick, and that he had seen Dr. Pember who prescribed for him, and told him to stay in his office all the afternoon.

"But I couldn't do that," he explained, "so I came over here."

He stayed in the store for some time, and before he left said that he had recovered entirely from his attack. He said the pains started in the palms of his hands, and then ran up his arms.

"It seemed as if I could not stand it," he said.

After sitting by the drug store a while he seemed to be much better, and talked and joked with various people that came in. Mr. Baker, in the meantime, was busy waiting on customers, and when his work was finished, he saw that the doctor had gone.

Fell On The Sidewalk.

Dr. Judd left the store and walked down the street toward his home. He succeeded in getting as far as the home of Mrs. La Point, across the street from the Janesville Machine Company's plant. His son Fred was on his way up the street to meet his father whom he saw coming toward home, but stopped to play with little Georgie Scardiff. When he looked toward his father he saw that he was ill. He was tottering on the walk with outstretched hands, and the boys said, acting as if he was looking for something on the walk, as his head was thrown forward and his body bent. Three times he wavered from side to side and then pitched forward on his face.

Isaac Farnsworth, L. B. Reynolds and Homer Slaws n rushed across the street summoned by Mrs. LaPoint.

A couch was brought from Mrs. La Point's house and on it the unconscious man was placed.

Died Almost Instantly.

Homer Slawson rushed back and telephoned to C. C. McLean to hurry with a doctor. No time was lost, but when Dr. G. H. Fox and Mr. McLean reached the machine company's office, where Dr. Judd had been taken, life had been gone for ten minutes.

Dr. W. H. Judd, the doctor's cousin, and Dr. W. H. Palmer were soon at the scene and Dr. Judd did what he could for Mrs. Harriet Judd, who was nearly prostrated by the shock. The grief of little Fred was pitiful. He cried as if his heart would break and refused to be comforted. He would not go home but was finally taken in charge by a neighbor.

The fire patrol was then summoned and the remains taken to the home of

the doctor's aged mother, Mrs. Harriet Judd.

His Wife Was Not Home.

Mrs. Judd is in Brooklyn, N. Y., on a visit and the awful news was at once telegraphed to her mother.

Dr. L. D. Judd, of Philadelphia, a brother, and Mrs. J. H. Kinney of Chicago and Mrs. Phil Mitchell of Rock Island, Ill., sisters of the deceased, were also notified.

A meeting of the dentists of the city was held at the office of Dr. J. P. Mertes and passed the following resolution:

"To the bereaved wife and family of the late Dr. Thorwaldsen Judd, we, the dentists of Janesville, would hereby express our sincere and heartfelt sympathy in their great bereavement. In the death of Dr. Judd we have lost a personal as well as a professional friend. He was a warm hearted, genial gentleman, ever ready to assist a friend, or to help any cause for the elevation of mankind. Our profession has lost a valued friend."

His Death a Great Shock.

Dr. Judd's death was a great shock to Janesville people as he had been considered a perfectly healthy man. Even after it was seen that he was ill, but little fear was felt for any serious consequences. Although the doctor had dismissed a patient, and had his assistant, Norton Wells, telephone for a doctor while he lay down in the operating chair, it was not thought that his illness was

more than an indisposition. J. P. Baker says that he knew that the doctor was suffering from a trouble with his circulation, from the bluish color of his lips, but before he left the store he had apparently fully recovered.

He carried a heavy life insurance policy, and leaves his family in good circumstances.

THE STORY OF DR. JUDD'S LIFE
He Was Fifty Years Old, and Had Lived Here Many Years

Dr. Judd was a native of Pennsylvania, he having been born in Mercer county, in that state, in 1846. He was the son of Dr. Frederick Hill Judd, who soon after he attained his majority, came west and settled in Rock Island, Ill. Later he and two bankers of that city formed a mining company, and established the town called Black Hawk, near Central City, Col. After several years of very successful work in that line, Dr. Judd returned east, settling in Brooklyn.

In 1867 he visited Europe, and on his return decided to locate in Janesville, residing in this city until his death, which occurred on July 28, 1877.

Dr. Thorwaldsen Judd was the only member of the family who did not go to Colorado with his father. Later he was sent to Norwalk, Conn., to attend school, joining the family after their removal to Brooklyn. His father invested heavily in the Eagleton Manufacturing Company at that city, and gave his two sons, L. D. and Thorwaldsen, an interest of \$75,000 in the business. Several years later the business was sold and in 1863 the family came to Janesville.

Engaged In Business Here.

Soon after, Thorwaldsen engaged in the hardware business in this city with the firm of E. S. Barrows & Co., which connection continued about three years when he carried on the business alone. Gradually he converted the business into the manufacture of automatic gas generators, an appliance of his own invention, and upon which he obtained a patent, and in 1872 he went to Philadelphia, where he and his brother, L. D. Judd, engaged in the manufacture of the machines on a large scale. Later the company was merged into stock corporation of which the doctor was the manager.

Returning to Janesville in 1877, Dr. Judd took up the study of dentistry. While residing in Philadelphia Dr. Judd was united in marriage with Miss Abbie T. Lanman, a native of Brooklyn. Unto them one son has been born, Frederick H. whose birth occurred on November, 1884. Dr. Judd was a member of the Presbyterian church and for many years was the superintendent of the Sunday school. In his political sentiments he was a republican and socially he was a member of the Knights of Pythias. He was one of the organizers of the Janesville Guards and had served as regimental quartermaster.

THE LOCAL OVERFLOW.

C. W. STARK NAMED
AS POSTMASTERTIFFANY MAN HAS CHARGE
OF THE MAIL.

He Succeeds James Haggart, Who Resigned—Hogs About All Dead—Sold—Sorghum Will Be Raised—Pastor is Re-Engaged—News of the County.

Tiffany, Nov. 5.—Charles W. Stark has been appointed postmaster at this station to succeed James Haggart, who resigned. The business of the office is rapidly increasing, having nearly doubled the past year. Bert Van Gelder has been appointed deputy by Mr. Stark. Large shipments of hay and straw is being made at this station. Hog cholera has about ceased in this section for the reason that the hogs are about all sold or dead. A few have recovered. Farmers have lost from ten to one hundred each and it makes a big hole in the year's receipts. The fall has been very favorable for corn husking on the stalk and that part of corn harvest is about finished. But the shocked corn is too dry to handle. They are huskers seem to be a failure so far as rapidity of work is concerned. They husk too slow but do good work. Considerable will be threshed. The Tiffany creamery is handling from thirteen to fifteen thousand pounds of milk daily and its output is increasing.

Pastor To Remain.

Rev. Mr. Maniton will remain in charge of the Shoppers Methodist church the coming year, making five years of continuous pastorate work in this community. His many friends rejoice that his stay is prolonged. Rev. Mr. Dexter, of Clinton, will hereafter preach at the Congregational church at 2 o'clock p. m. each Sabbath. The barricade in front of the butcher shop and postoffice in Shoppers on Halloween night, indicated that somebody was celebrating. A. D. Parker is now engaged in Chicago instead of traveling on the road. His specialty is gasoline engines, and it is something he knows how to handle. If the farmers of La Prairie had from twenty to fifty cows apiece, they could snap their fingers at hard times, low figures, hog cholera, chinch bugs and drouth. Grass and corn fodder and milk would carry them through.

Will Raise Sorghum.

Mr. Barber made up a few lots of sorghum this fall, and from unfrozen cane made first class syrup. Now that there is a manufacturer who is an expert in the business, this section will raise a good deal of cane another year. A few years ago La Prairie, Bradford and Turtle had thousands of sheep. They were to be found on more than half of the farms, and these sheep were of the finest grade and brought to their owners much of wealth. Where are they now? A few paltry hundred in each town are left. The merino, that source of much wealth, is now nearly extinct in these towns. And how many more clothes, how much better clothes and how much cheaper clothes can our democratic farmers buy as a compensation for free trade in wool and the destruction of those grand flocks?

THE NEWS OF EMERALD GROVE

First Snow of the Season—Felt the Earthquake

Emerald Grove, Nov. 5.—October 31 brought our first snow storm of the season. Peter Decker returned on Wednesday from a two weeks' visit in Iowa among relatives. Gillies & Jones have some nice outing and dress flannels which are real cheap, quality considered. The earthquake was felt by a few of our reliable citizens last Thursday evening. It is quite a satisfaction to know we are "in it" occasionally even if unbeknown to us at the time. Rev. F. N. Dexter, of Clinton, called at the Grove on Saturday. Arthur Loring, humorist, dramatic reader and monologist, will furnish the next number in the Emerald Grove entertainment course on Saturday, November 9, 1895. Single admission, 50 cents. Season tickets for balance of course 80 cents. Bible class on Thursday evening at 7:30, at Levi Inman's. Prayer meeting Wednesday evening at John Thomas'.

ECZEMA

From early childhood until I was grown my family spent a fortune trying to cure me of this disease. I visited Hot Springs and was treated by the best medical men, but was not benefited. When all things had failed I determined to try S.S.S. and in four months was entirely cured. The terrible eczema was gone, not a sign of it left. My general health built up, and I have never had any return of the disease. I have often recommended S.S.S. and have never yet known a failure to cure.

THE ELECTION.

There is nothing but comfort for republicans in the election returns. Here are some figures:

| | | |
|---------------------|-----------------|---------|
| New York State..... | Republican..... | 40,000 |
| New York City..... | Democratic..... | 20,000 |
| Iowa..... | Republican..... | 75,500 |
| Ohio..... | Republican..... | 100,000 |
| Maryland..... | Republican..... | 10,000 |
| Kentucky..... | Democratic..... | 10,000 |
| Pennsylvania..... | Republican..... | 130,000 |
| Utah..... | in doubt | |
| Massachusetts..... | Republican..... | 70,000 |
| Mississippi..... | Democratic..... | 35,000 |
| New Jersey..... | Republican..... | 15,000 |
| Nebraska..... | Republican..... | 25,000 |

The election was a land slide—a republican land slide that the most sanguine had not expected.

It was not a blind, unreasoning upheaval, however. Even local contests had national significance. For instance in the eighteenth congressional district of Illinois a fair and full test was made of the prevalence of the free silver sentiment among farmers. Lane, the democratic candidate is a man of great personal popularity but his free silver declaration defeated him by 3200 votes in a southern Illinois farming district that is democratic ordinarily by about the same figure.

Greenhalge, wins in Massachusetts by a plurality of 70,000 in spite of the opposition of men in his own party.

Kentucky gives fresh proof that the bolting democrat is far more numerous before election than after the polls open. In Maryland, however, democratic disgust at Gormanism seems to have done its work. As for Campbell, his presidential value "as a good western democrat" has been seriously impaired by Ohio's 100,000 republican's plurality.

On the whole republicans have reason to feel quite well, thank you.

A Splendid Chance.

Everybody who is weak, delicate or sickly wants to get well. Dr. Greene, of 35 West 14th street, New York city, makes a specialty of treating patients through letter correspondence. The wisest thing all suffering people can do is to write the doctor, stating just how they feel, mentioning every symptom of which they complain, and he will answer the letter, explaining each symptom, and describing the case so thoroughly that patients understand their complaint as though they had talked with the doctor. He makes his explanations so clear that they cannot help to understand just what ails them, and he tells exactly what to do to get well. It saves a journey to the city and doctor's fees, and costs nothing. Dr. Greene is the most successful specialist in curing nervous and chronic diseases. He is the discoverer of that wonderful medicine, Dr. Greene's Nervous blood and nerve remedy. Thousands are being cured through his perfect system of correspondence. It has been proved successful.

Three Days To Wait For.

Some of them may spit and froth at the mouth and order you out of their stores if you tell them you are just looking; others may offer you picture cards or threshing machines with each suit. Others will tell you Zeiglers is the high price store, etc., for they are all jealous of the big store; but don't mind any of these little things; wait for the bargain days just the same, and get the ten per cent off. YOU ALL KNOW IT.

THE SHIRT MY FATHER WORE.

[From the Chronicle.]

My father bought an undershirt Of bright and flaming red— "All-wool," I'm ready to assert, "Fleece dyed," the merchant said.

"Your size is thirty-eight, I think, And forty you should get, Since all wool goods are bound to shrink A trifle when they're wet."

That shirt two weeks my father wore— Two washings, that was all— From forty down to thirty-four It shrank like leaf in fall.

I wore it then a day or two, But when 'twas washed again My wife said: "Now 'twill only do For little brother Ben."

A fortnight Ben squeezed into it, At last he said it hurt— We put it on our babe—the fit Was good as any shirt.

We never will wash it more while yet We see its flickering light, For if again that shirt is wet 'Twill vanish from our sight.

We are agents for the JAKOS. Cannot shrink. Fits like a glove. You can get along without an overcoat. You can keep well without JAKOS Hygienic Underwear, but it isn't so easy.

WE SIZED UP

MONDAY ON OUR Ladies' Special \$2.50 Dongola Shoes

and again have every size in every style of it. It's a very difficult thing to keep the sizes up on this shoe it is getting so popular. We are today selling more of this than any other particular shoe in the house. All the ladies who failed Saturday to get their sizes in this shoe can do so now. We had a number of calls for the 'Special \$2.50' that we could not fill at the time on account of not having the correct numbers. They are all here now however. It is the 'greatest ladies' shoe of the age. You will agree with us on that point when you see it if you have missed the opportunity thus far. For \$2.50 you can buy shoes in plenty, but none like our **Special Dongola**. We show the shoe that is covering more feet all the time and our store is the only place where those feet can get that kind of covering.

We also show

A \$3 Dongola Patent Tip Shoe!

for all around wear that is first-class. The last is pretty and the shoe is simply perfect at that price.

We would impress especially on the Ladies' minds

the idea that our 'Shine Stand' is at their service any time they wish to have their shoes cleaned. Any Shoe bought of us will be shined or cleaned free of charge.

CABOOSE IS ROBBED AT THE FIVE POINTS

**THIEVES MADE A GOOD HAUL
LAST NIGHT.**

Two Suits of Clothing, an Overcoat, and Other Articles Were Taken—Attempt Made to Pawn the Goods—The Police Have a Good Clue.

Bold robbers entered the caboose of J. F. Nightingale's train last night, as it stood in the Northwestern yards and helped themselves to two suits of clothes, an overcoat and other articles left in the car.

The train, which is a freight, pulled into the city early last evening, from the north, and came to a halt near the "Five Points." Conductor Nightingale went to the freight house to register, leaving the caboose door unlocked. He was gone but a few minutes, but when he returned thieves had entered the car, making good their escape. The train was compelled to pull out at once, but Conductor Nightingale telegraphed back from Clinton giving Chief Acheson more particulars.

The police today found that two men had made an effort, last evening, to pawn their clothes at the West Milwaukee street second hand store of Smith & Hallstead, claiming that they were railroad men and were hard up. Mr. Hallstead, after hearing their story, refused to buy, when they at once left. A good description of the men was given the police, and local talent of the Five Point class is suspected, and arrests will probably be made soon.

THE TOWN OF JANESVILLE
FARMER IS INSANE.

He Brandished a Gun and An Ax In a Rather reckless Manner and the Neighbors Became Alarmed and Complained to the Sheriff—Doctors Pronounce Him of Unsound Mind.

Anson T. Pope was yesterday afternoon adjudged to be insane by a commission of physicians and was taken to the state hospital for the insane by Sheriff Appleby this afternoon.

Mr. Pope resides on a farm three miles north of the city. He had been acting queerly for some time, and finally created considerable excitement by brandishing an ax and a shot gun in rather a reckless fashion. Then the neighbors became alarmed and notified Sheriff Appleby that they feared that Pope would do them injury. The sheriff and Chief of Police Acheson accordingly visited the Pope farm yesterday and brought Pope back with them. Judge Sale appointed Dr. Whiting and Dr. Mills a commission to examine him. The examination was held at the jail and resulted in the physicians recommending that Pope be sent to the hospital for treatment. He is about forty years old, is a son of Virgil Pope and is married.

THE JURY IS DRAWN TO TRY WM. CANARY

TWELVE "GOOD MEN AND TRUE" SELECTED.

Trial of the Case Will Begin Before Judge Phelps Tomorrow Morning and It Is Said to Be an "Even Thing" By Lawyers—Other Court Proceedings.

A jury was drawn in the municipal court this afternoon to hear the case of the state of Wisconsin vs. William Canary, who, it will be remembered, is charged with shooting John F. Sullivan some time ago. The venire is returnable tomorrow morning, at which time the case will go to trial. District Attorney W. A. Jackson appears in behalf of the state, while Lane & Franklin appear for the defendant. Both sides are confident of winning the case, and lawyers say that it is an "even thing," as to which way the case will go.

Two sorrowful looking men stood before Judge Phelps this morning, to answer to the charge of being drunk and disorderly. Con. O'Leary and Hans Yergerson were their names, and both were arrested by Chief Acheson and Officer Hogan. The former was let go with the promise that he would quit drinking, while Yergerson was fined one dollar and cost, or one day in jail. He went to jail.

The case of the state against Harry Goulding came to a sudden end at 4 o'clock this afternoon, the defendant being discharged by Judge Phelps.

TOBACCO MEN BUY OUT CLINTON

Janesville Men Get All the Leaf in That Vicinity.

For the past few days local tobacco dealers have been buying about everything in the vicinity of Clinton until little if any remains but the '94 crop. Among the heavy buyers was Alderman Heddles who has purchased three hundred cases of the '93 and '94 crop during the past week. Two hundred and fifty cases of it came from warehouses at Clinton and four cases have been already shipped by Mr. Heddles to the eastern market this week.

DRUGGISTS.

Corner Milwaukee and River Streets.

"Madam," began the peddler, "I have here a history of—"
 "Don't need no history nor nuthin'," exclaimed the woman with red hair, who had opened the door.
 "I beg your pardon," replied the peddler, courteously. "I see I have made a mistake. It wasn't a history that I should have offered you."
 He went down into his pack and pulled out a couple of other books.
 "Can I sell you a grammar and a book on etiquette?" he asked, insinuatingly.
 By making extraordinary efforts he reached the gate ahead of the dog.—Chicago Evening Post.

Ratiocination.
 Rector—Duggan, attention! As you're an old Balaklava soldier, I am inclined to make allowances; but this is the third time I have seen you under the influence of drink. How is this?
 Sexton—Well, you see, sir, when I go downtown one fellow says: "Duggan, will you have a drink?" and another says the same, and I get drunk without knowing it.

Rector—But, Duggan, when I go downtown no one asks me to take a drink.
 Sexton—Yes; but you're not nearly such a popular man, you see.—Punch.

In Chicago, of Course.
 Ambitious Musician—I have fame at last in my grasp.
 "How so?"
 "You know 'Mendelssohn's Wedding March' helped amazingly in making his name?"

"Well, what of it?"
 "I am going to write a divorce march."—Tennessee Times.

A Combination Wasted.
 Little Fanny—Mamma, are porcupines good to eat?
 Mother—No, my child.
 "That's a great pity."
 "Why so, Fanny?"
 "Because when you got through eating a porcupine, you could pick your teeth with the quills."—Texas Siftings.

The Liveryman's Loss.
 Liveryman—Terrible accident today. Mrs. Heavyweight hired a horse of me, to take a ride, and had hardly got started before the horse stumbled.
 Friend—My! my! Did the horse fall on her?
 Liveryman—No, she fell on the horse.—N. Y. Weekly.

Perhaps a Little Too Hot, Too.
 Dawkins—Come on, Jack! It's half-past seven; my dinner is waiting for me at home, and I'm afraid it will be cold.
 Hawkins—I wouldn't bother about that, if I were you. Your wife will make it hot enough for you when you get home.—Puck.

She Laughed.
 George—You are not calling on Miss Rosebud any more, eh?
 Jack—No, I got disgusted. She has such a coarse laugh.
 George—I never noticed that.
 Jack—You would if you'd been with me hearing when I proposed to her.—N. Y. Weekly.

The healing properties of De Witt's Witch Hazel Salve are well known. It cures eczema, skin affections and is simply a perfect remedy for piles. C. D. Stevens.

Shaker Flannels.
 White shaker flannels at 3¢ and 6¢ are great bargains. When in the store ask to see them. Bort, Bailey & Co.

It's just as easy to try One Minute Cough Cure as anything else. It's easier to cure a severe cough or cold with it. Let your next purchase for a cough be One Minute Cough Cure. Better medicine; better results; better try it. C. D. Stevens.

His Eye Peeled.
 You want to keep your lookers wide open when you buy shoes. No line of goods requires more experience in buying than shoes; nothing you wear gives poorer satisfaction than paper shoes. We guarantee the quality we sell. Brown Bros. & Lincoln

Changes of Climate.
 Kill more people than is generally known. Particularly in this case in instances where the constitution is delicate, and among our immigrant population seeking new homes in those portions of the West where malarial and typhoid fevers prevail at certain seasons of the year. The best preparative for a change of climate, or of diet and water which change necessitates, is Hostetter's Stomach Bitters, which not only fortifies the system against malaria, a variable temperature, and the debilitating effects of tropical heat, but is also the leading remedy for constipation, dyspepsia, liver complaint, bodily troubles specially apt to attack emigrants and visitors to regions near the equator, marines and tourists. Whether used as a safeguard by sea voyagers, travelers by land, miners, or of agriculturists in newly populated districts, this specific has elicited the most favorable testimony.

Deal in Finance.
 Hoax—I passed some confederate money to-day.
 Joax—Oh, come off!
 Hoax—Yes, I did. I went by a numismatist's window.—Philadelphia Record.

It is a truth in medicine that the smallest dose that performs a cure is the best. De Witt's Little Early Risers are the smallest pills, will perform a cure, and are the best. C. D. Stevens.

Untold Forces of Nature.
 Mr. David H. Wyckoff recently wrote that 1,000,000 horsepower could not produce the effect that a single flash of lightning has been known to accomplish. He believed that we have as yet hardly begun to utilize the forces of nature.

A. G. Bartley of Magic, Pa., writes: "I feel it a duty of mine to inform you and the public that DeWitt's Witch Hazel Salve cured me of a very bad case of eczema. It also cured my boy of a running sore on his leg." C. D. Stevens.

An Insulting Suspicion.
 Winks—What's the matter? You look mad as a hornet.
 Jinks—I ought to be mad. I've been grossly insulted, and by my own preacher, too.

"Your preacher?"
 "Yes, my preacher. He stopped me in the street, and said he'd noticed that on two or three occasions lately, I'd left the church just as the contribution-box started around."

"Did you leave?"
 "Yes; but you don't suppose it was to avoid adding a paltry dime to the church funds, do you? The idea! It makes me boil to think that preacher—my own preacher, too—should suggest such a thing. It's outrageous."

"But why did you leave?"
 "It was raining. I'd forgotten my umbrella, and I knew there were only a few in the vestibule."—N. Y. Weekly.

The Infant Terrible.
 "Kitty, you must let papa's watch alone."
 "I won't hurt it, papa. I just want to—"
 "Put it down, I tell you!"
 "I ain't hurtin' it. I only want to see what makes it—"
 "If you don't let that watch alone I shall certainly have to punish you."
 "I ain't—"
 "Will you put it down?"
 "All I want to do with it is to—"
 "Kitty, do you hear what I say?"
 "Yes, and you'd hear what I say if you didn't talk so much."—Chicago Tribune.

What a great quantity of work a "good housekeeper" finds to do! There are so many little time-and-strength-taking chores that have no names. If a woman is in good health there is no more healthful employment than housework. Generally speaking, there is no happier woman in the world. But how different when every breath is pain, every step torture! This state of health, in nine cases out of ten comes from derangements of the delicate, feminine organs of generation. The family doctor inquires first concerning these. He most usually insists upon an "examination." From this the modest woman naturally shrinks. She is right. Excepting in very unusual cases of "female weakness" examinations are unnecessary. Dr. Pierce's Favorite Prescription is a simple, natural remedy for these ills. It cures safely, permanently.

You Take No Chances...

Neither do you run against a lottery in buying Dry Goods at this store. The month of October shows the record of a great business month,—a thirty days in which was concentrated the largest business ever done by this store during any corresponding month in past years. Popular prices upon popular goods is a combination strong enough in itself to neither require a game of guess nor the uncertain elements of a lottery to push it along. Some merchants bid for patronage one way, some another; one man gives you your chromo and the next one the frame, both, by the way, gems (?) of the first water. To the shrewd trader such wiles are a snare and a delusion, and the economical woman buys her goods where she knows she can do the best. (There are hundreds of them who know that this statement applies particularly to this store.) Cloaks just now make about the liveliest selling you can imagine; such taking styles; at prices likewise.

IT'S=A=GOOD=THING!

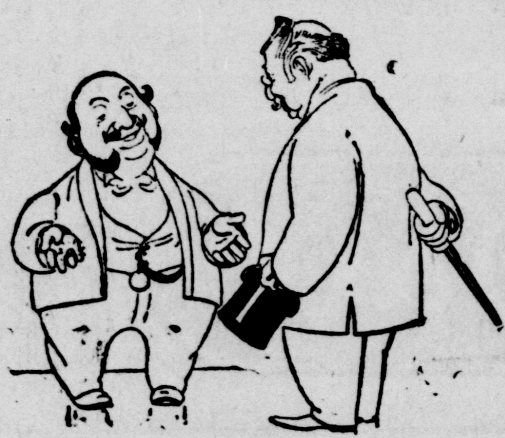

:: :: So we'll tell about it again. :: ::

ON FRIDAY WE COMMENCE AGAIN OUR 10 PER CENT OFF SALE.

on any garment bought in in our Children's Department on Friday, Saturday and Monday, November 8th, 9th and 11th. We do this each week and we are going to do it again and again. We have made our Boys' and Children's Department a most important feature of our extensive clothing business and we're going to make it more popular.

IT'S JUST THIS WAY

We are in the clothing business to make money. We want to sell all the Children's goods possible. It is our desire to put prices as near cost as any merchant safely can. We want every buyer in our Children's Department to be pleased. What we sell today is not the only thing. It is a part of our business policy to please patrons so well that we can almost count on their future trade with certainty. We are going to draw all of Janesville's mothers into our light and airy Children's Department this fall and winter if they will read our special ads for boys and will wait for our sales. If they do come they will buy if they find what fits and suits. Of course they won't buy if they are not suited—but why can't we suit them with as large a stock as ours.

How About That Boy of Yours?

Have you got him all ready for the slush and snow and winds of winter? Why not take advantage of our sales? Wait for them. Don't buy your children's clothes on Tuesday, Wednesday and Thursday. You can do better—buy on our special sale days each Friday, Saturday and Monday of each week.

Good Durable School Overcoats at \$2.

Better Grades in Ulsters and Cape Coats at \$3, \$4 and \$5.

Handsome Ulsters in Cassimeres, Freizes, etc., in Blacks and all the neat effects at \$6, \$7, \$8 and \$10.

All 10 per cent off on our special sale days. Figure out the price yourself.
